

Belfast Stand

The Belfast stand at MIPIM is located on the Croisette, opposite Cannes' Majestic Hotel and adjacent to the MIPIM entrance point at the Palais.

Following positive feedback from the Belfast delegation, we have retained our existing space and stand, providing 100m² of covered exhibition and event space, plus external terraced areas to the front and rear.

Event Space

Once again, the Belfast stand will feature a series of digital displays to bring the investment opportunity within the city to life. We will incorporate a presentation stage and flexible seating for use during presentations, as well as a space to showcase current and pipeline developments and schemes. We will also use the space for private sessions including investor pitches.

Networking

Delegates can make use of the Belfast stand throughout the three days at MIPIM to host guests, avail of networking opportunities and develop relationships with colleagues within the Belfast delegation.

In addition, there are numerous unofficial meeting points for off-site meetings, networking and respite within the immediate vicinity in Cannes.
